Presentation on Quarter-Cent Sales Tax Proposal

This sales tax resolution would change the sales tax from 6.75% to 7% and would allow the Commissioners to lessen the burden on property owners through property taxes. This increase would exclude gas, prescription medication, and non-prepared foods or groceries.

The additional sales tax revenue will raise $2.8 million per year for county service improvements. By comparison, a one-cent property tax increase only raises an additional $900,000. Voters will decide on the local option sales tax this November during the general election.

Re: BA #66

Wayne County is currently in the design phase of an expansion to the existing jail facilities. Moseley Architects is leading the design of the building and has requested CDM Smith to provide commissioning services to support the project to meet the minimum requirements for the 2018 NC Energy Code. This contract is based upon 60% construction documents from Moseley and accounts for mechanical, plumbing, and electrical equipment and/or systems that will require commissioning services. The fee for these services as listed in the contract is $135,784 and is being advanced from the General Fund Balance. Additionally, a 1-day blackout test will be performed outside of the contract. This amount is being added to the budget amendment as well for $3,650. Once debt financing is secured in the next 9 months for this project, the General Fund will be reimbursed.

RESOLUTION NO. 2022- _____

RESOLUTION AUTHORIZING UPSET BID PROCESS

WHEREAS, the City of Goldsboro and County of Wayne jointly own certain real property at **1005 Ivy Street (Pin #3509310786)**; and

WHEREAS, North Carolina General Statute § 160A-269 permits the city to sell real property by upset bid, after receipt of an offer for the property; and

WHEREAS, the City has received an offer to purchase the property described above, in the amount of **$1,230.00 (One Thousand Two Hundred Thirty Dollars and no/100)** submitted by **Janice Johnson (Offeror)**; and

WHEREAS, Offeror has paid the required five percent (5%) deposit on his/her offer in the amount of **$61.25 (Sixty One Dollars and 25/100)**;

NOW THEREFORE BE IT RESOLVED, by the City Council of the City of Goldsboro, North Carolina, that:

1) The City council declares this property as surplus.
2) The City Council authorizes sale of the property described above through the upset bid procedure of North Carolina General Statute § 160A-269.
3) The Finance Director shall cause a notice of the proposed sale to be published in a newspaper of general circulation within its jurisdiction. The notice shall describe the property and the amount of the offer, and shall state the terms under which the offer may be upset.
4) Persons wishing to upset the offer that has been received shall submit a **sealed bid** with their offer to the office of the Finance Director at 200 N. Center Street, Goldsboro, NC 27530 during normal business hours within 10 days after the notice of sale is published. At the conclusion of the 10-day period, the Finance Director shall open the bids, if any, and the highest such bid will become the new offer. If there is more than one bid in the highest amount, the first such bid received will become the new offer.
5) Upset offer and deposit shall be delivered in a sealed envelope. The written offer proposal must include the name of the person or business making the offer, address of said property, and Wayne County parcel identification number. The offer shall be signed by the individual or person with signature authority if a business entity. The outside of the sealed envelope should have the address of the property, the words "Upset Bid" and include the address of the Property.
6) The City of Goldsboro reserves the right to reject any or all offers at any time.
7) If a qualifying higher bid is received, the Finance Director shall cause a new notice of upset bid to be published, and shall continue to do so until a 10-day period has passed without any qualifying upset bid having been received. At that time, the amount of the final high bid shall be reported to the City Council.
8) A qualifying higher bid is one that raises the existing offer by not less than ten percent (10%) of the first $1,000.00 of that existing offer and five percent (5%) of the remainder of that existing offer.
9) A qualifying higher bid must also be accompanied by a deposit in the amount of five percent (5%) of the bid; the deposit may be made in cash, cashier's check, or certified check. The city will return the deposit on any bid not accepted, and will return the deposit on an offer subject to upset if a qualifying higher bid is received; provided that sufficient time has elapsed to allow for the payment draft, if by

check, to clear the City's central depository and be credited to such, the return of the deposit will then be issued within 10 days of confirmation of clearing. The city will refund the deposit of the final high bidder at closing or apply to the sales price, as determined at the time of closing by the Finance Director.

10) Any Offeror's bid deposit shall be refunded if it is not the final high bidder; or if mutually agreeable terms cannot be settled upon if no upset bids are received, provided that sufficient time has elapsed to allow for the payment draft, if by check, to clear the City's central depository and be credited to such. Refund will be issued within 10 days of confirmation of clearing.
11) The terms of the final sale are:

City staff is authorized to seek concurrence from the Wayne County Board of Commissioners and upon such approval, the appropriate city officials are authorized to execute the instruments necessary to convey the property to Offeror.

RESOLUTION AUTHORIZING UPSET BID PROCESS

WHEREAS, the City of Goldsboro and County of Wayne jointly own certain real property at **1005 Ivy Street (Pin #3509310786)**; and

WHEREAS, North Carolina General Statute § 160A-269 permits the city to sell real property by upset bid, after receipt of an offer for the property; and

WHEREAS, the City has received an offer to purchase the property described above, in the amount of **$1,230.00 (One Thousand Two Hundred Thirty Dollars and no/100)** submitted by **Janice Johnson (Offeror)**; and

WHEREAS, Offeror has paid the required five percent (5%) deposit on his/her offer in the amount of **$61.25 (Sixty One Dollars and 25/100)**;

NOW THEREFORE BE IT RESOLVED, by the City Council of the City of Goldsboro, North Carolina, that:

1) The City council declares this property as surplus.
2) The City Council authorizes sale of the property described above through the upset bid procedure of North Carolina General Statute § 160A-269.
3) The Finance Director shall cause a notice of the proposed sale to be published in a newspaper of general circulation within its jurisdiction. The notice shall describe the property and the amount of the offer, and shall state the terms under which the offer may be upset.
4) Persons wishing to upset the offer that has been received shall submit a **sealed bid** with their offer to the office of the Finance Director at 200 N. Center Street, Goldsboro, NC 27530 during normal business hours within 10 days after the notice of sale is published. At the conclusion of the 10-day period, the Finance Director shall open the bids, if any, and the highest such bid will become the new offer. If there is more than one bid in the highest amount, the first such bid received will become the new offer.
5) Upset offer and deposit shall be delivered in a sealed envelope. The written offer proposal must include the name of the person or business making the offer, address of said property, and Wayne County parcel identification number. The offer shall be signed by the individual or person with signature authority if a business entity. The outside of the sealed envelope should have the address of the property, the words "Upset Bid" and include the address of the Property.
6) The City of Goldsboro reserves the right to reject any or all offers at any time.
7) If a qualifying higher bid is received, the Finance Director shall cause a new notice of upset bid to be published, and shall continue to do so until a 10-day period has passed without any qualifying upset bid having been received. At that time, the amount of the final high bid shall be reported to the City Council.
8) A qualifying higher bid is one that raises the existing offer by not less than ten percent (10%) of the first $1,000.00 of that existing offer and five percent (5%) of the remainder of that existing offer.
9) A qualifying higher bid must also be accompanied by a deposit in the amount of five percent (5%) of the bid; the deposit may be made in cash, cashier's check, or certified check. The city will return the deposit on any bid not accepted, and will return the deposit on an offer subject to upset if a qualifying higher bid is received; provided that sufficient time has elapsed to allow for the payment draft, if by

check, to clear the City's central depository and be credited to such, the return of the deposit will then be issued within 10 days of confirmation of clearing. The city will refund the deposit of the final high bidder at closing or apply to the sales price, as determined at the time of closing by the Finance Director.

10) Any Offeror's bid deposit shall be refunded if it is not the final high bidder; or if mutually agreeable terms cannot be settled upon if no upset bids are received, provided that sufficient time has elapsed to allow for the payment draft, if by check, to clear the City's central depository and be credited to such. Refund will be issued within 10 days of confirmation of clearing.
11) The terms of the final sale are:
    a) City Council must approve the final high offer before the sale is closed, which it will do within 30 days after the final upset bid period has passed.
    b) The Wayne County Board of Commissioners must approve the final sale by concurrence after final approval by City Council.
    c) Buyer must pay with cash at the time of closing.
    d) Buyer must pay closing costs.
12) The City reserves the right to withdraw the property from sale at any time before the final high bid is accepted and the right to reject at any time all bids.
13) If no qualifying upset bid is received after the initial public notice, the offer set forth above is hereby accepted. City staff is authorized to seek concurrence from the Wayne County Board of Commissioners and upon such approval, the appropriate city officials are authorized to execute the instruments necessary to convey the property to Offeror.

This resolution shall be in full force and effect from and after this 11th day of July, 2022.

The provisions of G.S. 67-4.1 shall apply to hearings concerning determinations of dangerous or potentially dangerous dogs.

Said sign shall not exceed one foot by two feet or two square feet in area; and, shall be deemed an incidental sign for the purposes of the Wayne County Zoning Ordinance.

dog or animal shall be given written notice at the time of confiscation that if the owner fails to provide a secure enclosure upon the expiration of 30 days from confiscation animal control is authorized to dispose of the animal. If the owner constructs a secure enclosure which is approved by animal control, and the animal is not being destroyed pursuant to 10-21, the animal may be redeemed within 30 days from confiscation so long as all fees owed to animal control for harboring, caring and maintaining the animal are paid.

d) Dogs or animals trained or being trained in mode of attack are subject to the provisions of (b), (c) and (d) of this section.

Article 1A.

Dangerous Dogs.

§ 67-4.1. Definitions and procedures.

(a) As used in this Article, unless the context clearly requires otherwise and except as modified in subsection (b) of this section, the term:

(1) "Dangerous dog" means

a. A dog that:

1. Without provocation has killed or inflicted severe injury on a person; or

2. Is determined by the person or Board designated by the county or municipal authority responsible for animal control to be potentially dangerous because the dog has engaged in one or more of the behaviors listed in subdivision (2) of this subsection.

b. Any dog owned or harbored primarily or in part for the purpose of dog fighting, or any dog trained for dog fighting.

(2) "Potentially dangerous dog" means a dog that the person or Board designated by the county or municipal authority responsible for animal control determines to have:

a. Inflicted a bite on a person that resulted in broken bones or disfiguring lacerations or required cosmetic surgery or hospitalization; or

b. Killed or inflicted severe injury upon a domestic animal when not on the owner's real property; or

c. Approached a person when not on the owner's property in a vicious or terrorizing manner in an apparent attitude of attack.

(3) "Owner" means any person or legal entity that has a possessory property right in a dog.

(4) "Owner's real property" means any real property owned or leased by the owner of the dog, but does not include any public right-of-way or a common area of a condominium, apartment complex, or townhouse development.

(5) "Severe injury" means any physical injury that results in broken bones or disfiguring lacerations or required cosmetic surgery or hospitalization.

(b) The provisions of this Article do not apply to:

(1) A dog being used by a law enforcement officer to carry out the law enforcement officer's official duties;

(2) A dog being used in a lawful hunt;

(3) A dog where the injury or damage inflicted by the dog was sustained by a domestic animal while the dog was working as a hunting dog, herding dog, or predator control dog on the property of, or under the control of, its owner or keeper, and the damage or injury was to a species or type of domestic animal appropriate to the work of the dog; or

(4) A dog where the injury inflicted by the dog was sustained by a person who, at the time of the injury, was committing a willful trespass or other tort, was tormenting, abusing, or assaulting the dog, had tormented, abused, or assaulted the dog, or was committing or attempting to commit a crime.

(c) The county or municipal authority responsible for animal control shall designate a person or a Board to be responsible for determining when a dog is a "potentially dangerous dog"

and shall designate a separate Board to hear any appeal. The person or Board making the determination that a dog is a "potentially dangerous dog" must notify the owner in writing, giving the reasons for the determination, before the dog may be considered potentially dangerous under this Article. The owner may appeal the determination by filing written objections with the appellate Board within three days. The appellate Board shall schedule a hearing within 10 days of the filing of the objections. Any appeal from the final decision of such appellate Board shall be taken to the superior court by filing notice of appeal and a petition for review within 10 days of the final decision of the appellate Board. Appeals from rulings of the appellate Board shall be heard in the superior court division. The appeal shall be heard de novo before a superior court judge sitting in the county in which the appellate Board whose ruling is being appealed is located. (1989 (Reg. Sess., 1990), c. 1023, s. 1.)

§ 67-4.2. Precautions against attacks by dangerous dogs.

(a) It is unlawful for an owner to:

(1) Leave a dangerous dog unattended on the owner's real property unless the dog is confined indoors, in a securely enclosed and locked pen, or in another structure designed to restrain the dog;

(2) Permit a dangerous dog to go beyond the owner's real property unless the dog is leashed and muzzled or is otherwise securely restrained and muzzled.

(b) If the owner of a dangerous dog transfers ownership or possession of the dog to another person (as defined in G.S. 12-3(6)), the owner shall provide written notice to:

(1) The authority that made the determination under this Article, stating the name and address of the new owner or possessor of the dog; and

(2) The person taking ownership or possession of the dog, specifying the dog's dangerous behavior and the authority's determination.

(c) Violation of this section is a Class 3 misdemeanor. (1989 (Reg. Sess., 1990), c. 1023; 1993, c. 539, s. 532; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 67-4.3. Penalty for attacks by dangerous dogs.

The owner of a dangerous dog that attacks a person and causes physical injuries requiring medical treatment in excess of one hundred dollars ($100.00) shall be guilty of a Class 1 misdemeanor. (1989 (Reg. Sess., 1990), c. 1023; 1993, c. 539, s. 533; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 67-4.4. Strict liability.

The owner of a dangerous dog shall be strictly liable in civil damages for any injuries or property damage the dog inflicts upon a person, his property, or another animal. (1989 (Reg. Sess., 1990), c. 1023, s. 1.)

§ 67-4.5. Local ordinances.

Nothing in this Article shall be construed to prevent a city or county from adopting or enforcing its own program for control of dangerous dogs. (1989 (Reg. Sess., 1990), c. 1023, s. 1.)

CHANGE ORDER #1

Agreement Date: _____

PROJECT:	GWW – Apron Pavement Rehabilitation
OWNER:	Wayne County
CONTRACTOR:	Barbour Brothers Construction, Inc.
PROJECT NUMBERS:	36244.31.6.1
WKD #:	20210465.00.RA

The following changes and/or additions are hereby made to the Contract Documents as follows:

See the attached spreadsheet for quantity/cost changes.

Total Change Order #1: **$74,531.50**

Change to Contract Time: 15 Additional Days (5 for PCC & 10 for undercut)

Justification for Change Order: Items 8, 15, 33, 34, 35, 36 & 37 are tied to Bulletin #1. The construction contract includes line items for CCTV inspection of the existing pipes under the apron pavement and sufficient quantities for the full replacement of the two piping systems if needed. Review of the CCTV results provided by the contractor revealed that most of the existing concrete pipe is in good condition and does not require replacement. Bulletin #1 revises the original construction plans to clarify what pipes will be replaced and what will remain in place.

Items 22 & 23 are being increased to cover anticipated undercut and backfill quantity overruns in Phase 2. There was a significant amount of undercut required in Phase 3 and it is expected that there will be in Phase 2, also. Item Add. -2 (Additive Bid No. 1 Item 2) is being increased to cover the Phase 3 quantity overrun and anticipated additional quantity in Phase 2 for excavation of contaminated soils.

Items 4, 20, 24, 27 & 28, as well as the three new items are tied to Bulletin #2 which changes sections of the apron pavement in front of the fuel farm and in front of UNC Health's helicopter hangar from asphalt pavement to concrete (PCC) pavement. Bulletin #2 also moves and expands the temporary fuel farm access route to accommodate fuel deliveries.

On July 20, 2021, Wayne County (OWNER) authorized WK Dickson (ENGINEER) to proceed with bidding and construction phase services for the rehabilitation of the existing apron pavement at the Wayne Executive Jetport (GWW). The OWNER would like to add the reconstruction of the taxilane adjacent to the apron that serves GWW's "Sunshade Hangars". The existing pavement holds water and is in poor condition. The existing pavement also has a sever dip that could potentially damage aircraft being tugged across it. The taxilane location is shown on the attached Exhibit 1.

The amendment will also add additional budget for Quality Assurance (QA) Testing due to a larger than anticipated amount of undercut below the apron pavement. The additional QA budget for the apron undercut will be a separate task from the QA testing for the taxilane reconstruction.

Amendment #4 to Work Authorization #1 will add the design and construction services necessary for the taxilane reconstruction. The below scope of services outlines additional project management and grant administration, taxilane design, additional construction administration, topographic survey, full-time construction observation, and additional QA testing services to be provided by ENGINEER to assist the OWNER with this project. This scope of work and fee estimate includes the work that is known to be required for this project as defined below:

Project Overview

Surveying And Mapping, LLC (SAM) proposes to provide professional surveying and SUE services to include topographic surveying and SUE QL-B at the Wayne Executive Jetport (GWW) in Pikeville, NC and as depicted in the provided image and shown in "Attachment – A".

Scope of Services

SAM will provide the following services on a one-time basis:

1. Project Control

a. SAM will set a minimum number of control points to complete proposed scope of work.
b. Control will be established by survey grade GPS methods of static or VRS collection, at a higher level accuracy that the one intended for mapping. Vertical accuracy of surveyed points is expected to be ½ of estimated final mapping accuracy.
c. Primary control will be one-half inch iron rods set with cap stamped "SAM".
d. SAM will reasonably attempt to set control sufficiently away from possible construction areas so as not to be disturbed for future use.
e. Control will be based on the North Carolina State Plane Coordinate System, NAD83 (2011), US Survey Feet. Vertical Datum will be based on NAVD88 derived using Geoid 18.
f. Established control will be provided to serve as project benchmarks.

2. Topographic Survey

a. SAM will include all management and field personnel, equipment, and supplies necessary to perform a one-time topographic survey of an area outlined in Attachment – A.
b. Topographic survey will be executed by GPS Survey and Conventional methods.
c. This survey will collect terrain features inside the proposed survey extents including: lines of substantial vegetation, extents of active agriculture efforts, grade breaks, edges of water, centerline of water, ditches, top and toe of grade, stream banks, stream channels, and other relevant features.
d. Survey will collect visible existing improvements, including buildings, tanks, bridges, retaining walls, pavement edges, pavement centerlines, (including material of pavement), trails, slabs, gravel areas, fences, guardrails, and signage.
e. Survey will collect available visible utility evidence, including manholes, vaults, pull boxes, hand holds, pedestals, utility poles, overhead wires, guy wires, and hydrants.
f. Surface indicators of subsurface utilities will be collected.

g. When Surveying Gravity Sanitary/Storm Sewer, SAM will

i. Record the material type, diameter (I.D.) and flow direction of each pipe, if accessible.
ii. Provide elevations for sewer manhole rims and flow lines, if accessible.
iii. Drainage and outfall lines existing within survey extents shall be traced to next reasonably accessible junction point outside survey extents.

3. SUE QL-B Subsurface Utilities Investigation

a. Subsurface utility locations will be performed at SUE level QL-B, designating up to 2,600 feet of identifiable utility mains in areas indicated in the Topographic survey area.
b. SAM will conduct appropriate records research, investigate site conditions and identify applicable project limits.
c. SAM will attempt to locate identifiable buried utilities to their last point of distribution.
d. SAM will designate existing utilities and their major laterals within project limits utilizing appropriate radio frequency, electromagnetic, magnetic, ground-penetrating radar (GPR), and acoustic emission techniques.
e. SAM will prepare appropriate field sketches of marked utilities and follow up with GPS survey of designating marks.
f. SAM will plot survey information into an Autcad basemap. Compare survey information plotted on base plans with information provided from field sketches and evaluate all plotted information in the field for accuracy and reliability.
g. Should SAM be unable to detect apparent or known underground utilities within the project limits using surface geophysical techniques, said utilities will be depicted at SUE QL-C or QL-D based on available above ground evidence or utility record data.

Project Deliverables

1. Certified PDF of completed survey
2. .DWG Autocad Survey Basemap and Exhibit
3. Complete point file in .CSV format
    a. Will indicate all and observed points and established or recovered project control points
    b. Includes northings, eastings, elevation, and point description
4. All on-the-ground photographs taken as part of field survey
5. Any additional record research not already provided by client
6. A copy of the SAM point descriptor list (if used)

Survey Assumptions

The following assumptions were made for the preparation of this Scope of Services. If these assumptions do not prove correct, a modification to the scope and budget resulting in negotiation of a supplemental agreement could be required. For the basis of this scope and fee, SAM assumes the following:

- Desired project extents are confined to the indicated area on Attachment – A.
- All efforts will comply with accepted national mapping standards and all applicable state rules and regulations for land survey.
- A site coordination or teleconference project kickoff meeting between SAM and Client shall occur before any survey operations or mobilization proceeds.
- Where required, ownership, information, deed research, and right of entry sufficient to begin uninterrupted contiguous survey operations shall be provided by Client prior to commencement of field effort.
- Client will secure all required survey permissions and access to all areas within survey extents. There shall be no restricted access within the survey extents. Survey field staff will be able to perform weekend work if necessary.
- Client will be the liaison for SAM field crews to access to the project work area.
- Client will obtain any required permits and assume any costs of required support to enter any restricted areas, including railroad and restricted Rights-Of-Way.
- Client shall provide or approve a project extents polygon .shp or .kmz file, showing the desired survey extents prior to SAM commencing field effort.
- All survey data will be collected and delivered according to SAM's survey standards and feature code library unless a Client specific feature code library is furnished prior to field operations.
- SAM Autocad layer schema will be followed unless client provides own data conventions prior to field effort.
- Proposal and fee estimate is based on evident project site conditions shown on Google Earth aerial imagery as obtained as on date of this proposal. No preliminary site visit has been performed. No significant material differences affecting the ability to perform in-scope services will be present.
- All health, safety, and environmental (HSE) guidelines, rules, and regulations shall clearly be defined prior to commencement of any field survey operations. If special or site-specific safety training will be required to enter the site or perform this work, the training time will be nominal.

- This pricing is to provide all services on a one-time basis. SAM makes no guarantee of changes to site conditions post field investigation.

- When working near or within a traveled right-of-way, SAM assumes standard safety cones and signage will be sufficient to complete all fieldwork. No traffic control or additional safety precautions will be required.

- There will be no unforeseeable schedule and production impacts, including, but not limited to: a lack of survey permission, inclement weather affecting more than 10% of project schedule, land use activities preventing access or survey activities, excessive vegetation, or extreme topographic relief.

- The horizontal datum for all data will be referenced to NC State Plane NAD 83/2011 in US Survey Feet, vertical datum will be referenced to NAVD88. All data will be presented as "grid" values.

- SAM will not begin work until written Notice-To-Proceed is received.

- SAM shall not be restricted in its use of subcontractors and suppliers (including, but not limited to any of SAM's qualified acquisition partners or subcontractors). SAM in its sole discretion will determine subcontractors as necessary to meet its obligations under this agreement or any purchase order issued hereunder.

SUE Assumptions and Clarifications

- SAM SUE Services can be summarized as follows:

    - DESIGNATING: two-dimensional mapping of underground facilities using geophysical prospecting and related technologies.

    - LOCATING: Three-dimensional mapping of underground systems and components– both horizontally and vertically, using vacuum excavation, computer, survey, and related technologies.

    - DATA MANAGEMENT: CADD and database management technologies and comprehensive quality control programs that are applied under direct supervision of registered professionals to help assure the quality, value, and usefulness of the data collected.

    - RESEARCH: SAM will contact all known Utility owners within the project limits to request available record information. Utility records received will be used to support SAM's SUE QL-A, QL-B and QL-C services.

- SAM assumes SUE QL-B services have been requested. common quality levels as defined by C/I ASCE 38-02 (Standard Guideline for the Collection and Depiction of Existing Subsurface Utility Date) are defined as follows:

    - QUALITY LEVEL "D"- EXISTING RECORDS: Conducting utility records research to assist in identifying utility owners that may have facilities on or be affected by the project. Applicable utility owner records will be collected. Designating staff will review records for indications of additional available records, duplicate information, and a need for clarifications by utility owners.

    - QUALITY LEVEL "C"- SURFACE VISIBLE FEATURE SURVEY: Identifying surface features on the topographic plan and ground surface that are surface appurtenances of existing subsurface utilities. If records and features do not agree, further record review and field reconnaissance will be undertaken to resolve discrepancies. Work will incorporate Quality Level D findings.

    - QUALITY LEVEL "B"- DESIGNATING: Two-dimensional horizontal mapping. This information is obtained through the use of geophysical prospecting technologies. It is highly useful for design basis information for conceptual design, and for proceeding prudently to QL "A". It should not be used for design basis vertical information, or where exacting horizontal tolerances are expected.

    - QUALITY LEVEL "A"- LOCATING: Three-dimensional horizontal and vertical mapping. This information is obtained through vacuum excavation of test holes at points of conflict. This is the highest level of accuracy of subsurface engineering data. It provides horizontal and vertical design basis information for engineering, construction, maintenance, remediation, and related efforts.

- Paint markings placed on the ground by SAM are to be used for design purposes only and not for construction purposes. The use of any information provided does not relieve any contractor or the Client from the duty to comply with applicable utility damage prevention laws and regulations, including, but not limited to, giving notification to utility owners or One-Call centers before excavation. SAM will not be responsible for any omission of utility information that is not obtainable via electromagnetic, sonic, or acoustical designating services.

- Non-metallic piping, inactive electric and/or communication lines may or may not be found by electromagnetic, sonic or acoustical designating practices. SAM does not warrant and/or guarantee that all existing utilities will be found.

- Utility surface features may exist in areas where no utility line work exists. This may be due to records not found or provided. The client shall proceed with caution if no further utility investigation is requested.

- Utilities investigated, as part of QL-B will not include the following. Surface indications of these subsurface utilities will be collected as part of a topographic survey.

    a) non-accessible empty conduits or empty utilities
    b) vault or manhole limits/dimensions
    c) irrigation, fountain or sprinkler systems,
    d) underground storage tanks and associated piping/wiring
    e) traffic loop detectors
    f) utility tunnels
    g) traffic control/signalization related power and communications
    h) illumination wiring
    i) railroad signalization
    j) grounding grids
    k) grease traps and associated piping
    l) septic tanks and distribution boxes, drain fields or abandoned wells
    m) utility services.

- Utility depths are not obtained as part of Quality Level B reporting.

- If the size and/or material type of the investigated utilities are indicated on available record information we will include this information in our utility file.

- Known utilities within the SUE QL-B project limits that are unable to be detected using surface geophysical techniques will be depicted at lower Quality Levels ("C" or "D").

- Limits of Technology:

    - The scope of services is limited to the extent of the technology utilized. Non-metallic piping, inactive electric and/or communication lines may or may not be found. SAM will not be responsible for omission of utility information that is not obtainable via electromagnetic, sonic, or acoustical designating services.

    - The accuracy of subsurface data can be influenced by factors beyond our control such as conductivity of materials and their surroundings, soil moisture content, proximity of other underground utilities or structures, depth of utility, etc. Therefore, physical verification (through vacuum excavation or otherwise) is the only subsurface utility data that is collected to applicable engineering and/or surveying standards.

Fees

SAM will provide the described scope of services under said assumptions at a Lump Sum Fee of **$8,400.**

Project Schedule

Based on a written agreement and notice to proceed, SAM will begin work within **4 weeks**.

Weather conditions that are conducive to conducting the fieldwork will be paramount to the successful completion of any field services and changing weather conditions may lengthen the schedule. SAM's Project Manager will keep the client apprised of the progress and any delays that occur.

Terms and Conditions

1. Access To Site - Unless otherwise stated, SAM, LLC will have access to the project site for activities necessary for the performance of the services. SAM, LLC will take precautions to minimize damage due to these activities, but has not included in the fee the cost of restoration of any resulting damage.

2. Ownership Of Documents - Client acknowledges that all original papers, documents, maps, surveys, digital data and other work product and copies thereof, produced by SAM, LLC pursuant to this Agreement shall remain the property of SAM, LLC, except documents which are to be filed with public agencies. Client further acknowledges that Client's right to utilize the services and work product performed pursuant to this Agreement will continue only so long as Client is not in default pursuant to the terms and conditions of this Agreement and Client has performed all obligations under this Agreement.

3. Copyright - The parties hereto agree that all protections of the United States and Texas state copyright laws shall be applicable to the work product to the benefit of SAM, LLC, including common law and statutory law, whether or not any copyright for such work product actually is registered, and without regard to whether or not such copyright actually applies to such work product.

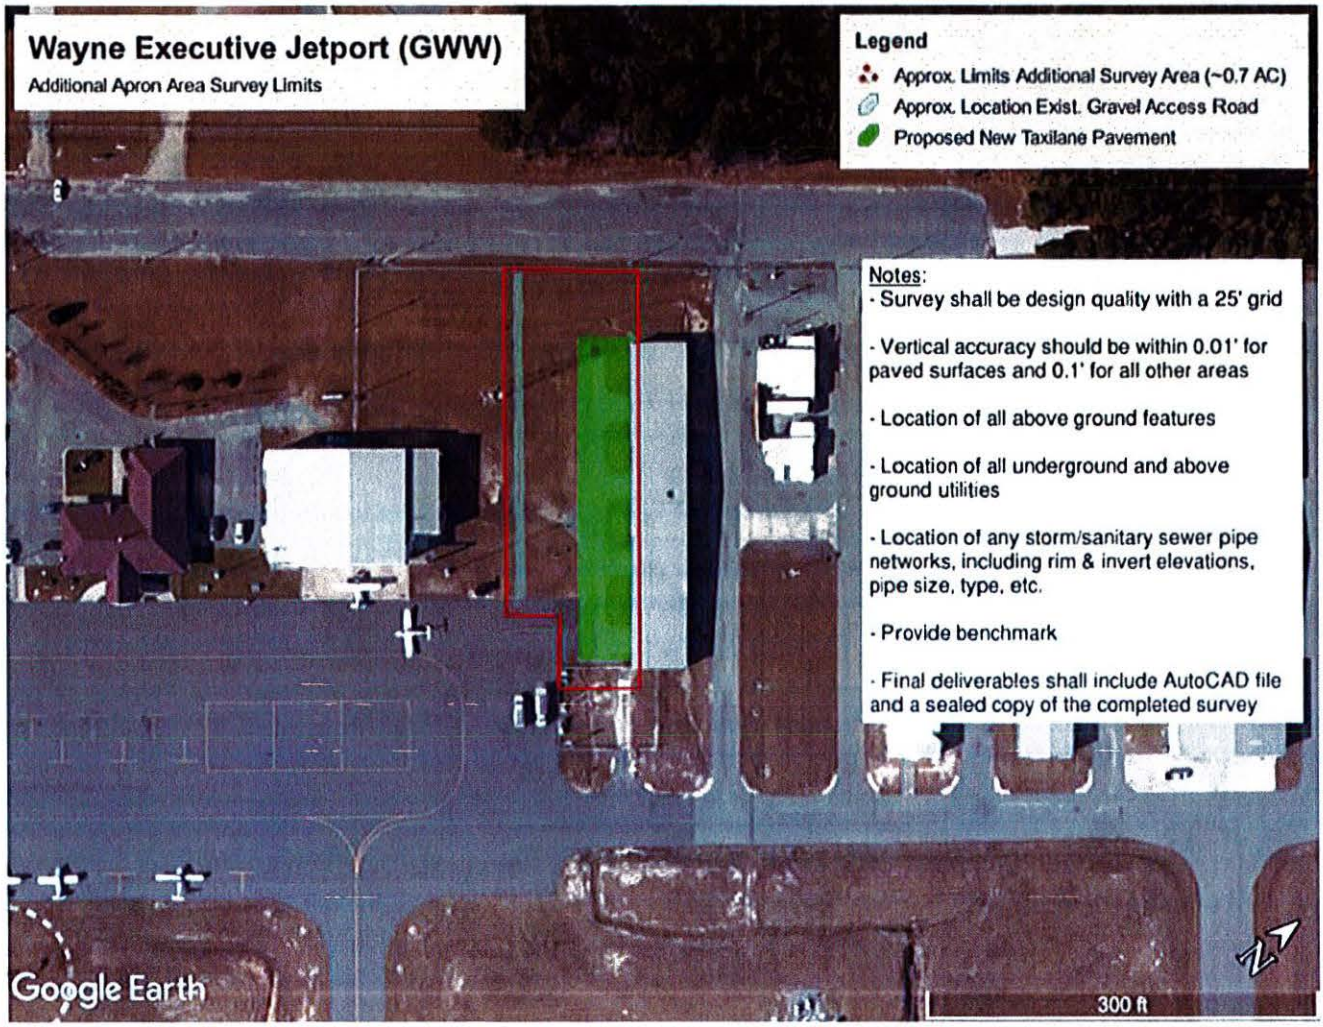

4. Invoices - Invoices for fees and all other charges will be submitted monthly for all services rendered as the work progresses, and the net amount shall be due and payable as of the date of the invoice at SAM, LLC's office in Austin, Travis County, Texas.

5. Client's Obligation to Pay - Client's obligation to pay is solely that of Client, and the acts or omissions of any third party shall not affect that obligation. All sums due and not received shall be construed as past due. To cover the costs of collection, all past-due amounts will incur a late charge of one and one-half percent (1 ½ %) per month until paid. The Client shall pay all attorney's fees or court costs incurred by SAM, LLC in collecting any past-due amounts. In the event that Client fails to pay SAM, LLC within thirty (30) days after invoices are rendered, then Client agrees that SAM, LLC shall have the right to stop or suspend work and consider the non-payment as grounds for a total breach of this Agreement.

6. Termination Of Services - This Agreement may be terminated by either party upon five (5) days' written notice, by mutual consent or in the event of persistent failures of performance of material terms and conditions of this Agreement by the other party through no fault of the terminating party. SAM, LLC shall then be paid for the services completed up to the time of the termination date based upon the attached Rate Schedule.

7. Dispute Resolution – If a dispute arises out of or in connection with or relation to this Agreement, the parties shall endeavor reasonably to settle the dispute through direct discussions. If a dispute is not resolved through direct discussions, claims or disputes in connection with the services provided under this Agreement between Client and SAM, LLC shall be submitted to non-binding mediation in Austin, Travis County, Texas. In the event non-binding mediation does not result in resolution of the claim or dispute, the dispute shall be resolved by litigation in the courts of the state in which the services are performed, and the

Work Authorization #4
Wayne Executive Jetport (GWW)
Wayne County, North Carolina
Funding Applications Preparation
(Pump Station / Parking Lot Drainage Improvements)
August 4, 2022

CONTRACT FOR PROFESSIONAL SERVICES
Dated April 21, 2021

SCOPE OF SERVICES

PROJECT PURPOSE AND PRESENT CONDITIONS

2021 brought significant legislation that will impact infrastructure spending over the next several years, including funding for water utilities across the country.

The American Rescue Plan Act (ARPA) is providing unprecedented non-competitive grants to all states, counties, and municipalities to be used for a wide range of eligible purposes through the Coronavirus Local Fiscal Recovery Fund. Water, wastewater, stormwater, and broadband were infrastructure groups specifically deemed as eligible for use under ARPA. When the US Treasury released its final ARPA guidance in December 2021, it expanded eligible water, wastewater, and stormwater infrastructure beyond the Clean Water State Revolving Fund (CWSRF) and Drinking Water State Revolving Fund (DWSRF) eligible uses. These expanded uses are particularly relevant to stormwater in that general stormwater infrastructure projects with or without a water quality component are now eligible - culvert repair, resizing, removal, replacement of storm sewers, and additional stormwater infrastructure. The state of North Carolina also received ARPA funding and has finalized its plan for water infrastructure funding that will be managed by the NC Department of Environmental Quality – Division of Water Infrastructure (DWI). This plan has allocated approximately $100M in stormwater investments, with $82M eligible for competitive application in the Fall 2022 funding round.

The Division of Water Infrastructure (DWI) evaluated 707 applications for over $3.15B of funding in the Spring 2022 round. Those requests included construction and planning projects for water and wastewater infrastructure. On July 14, 2022, the State Water Infrastructure Authority (SWIA) awarded over $780M in funding, which included $178M in additional funds from the 2022-2023 state budget to 411 applications from the Spring 2022 round. With the unprecedented number of applications, this funding round was extremely competitive, particularly for entities, like the OWNER, that are not distressed. While the OWNER's application for the Wayne Executive Jetport Pump Station Improvements is a sound, eligible capital improvement, it was not awarded funding in this round.

PROJECT DESCRIPTION

The OWNER is eligible to apply for funding again in the Fall 2022 DWI application round. The OWNER intends to apply for pre-project planning funding for the Wayne Executive Jetport Pump Station Improvements project based on discussions with the ENGINEER. This funding will be used for the majority of the engineering design services needed for the project. The previous application will be automatically reconsidered by DWI for the remaining engineering services and construction.

The OWNER is also eligible to apply for the new stormwater ARPA funding through the new DWI stormwater funding program being made available this fall. SWIA approved the priority rating system for this program at the July 14th meeting and DWI published the guidance for this rating system on August 2, 2022. The OWNER has identified the Wayne Executive Jetport Parking Lot Drainage project for application. The OWNER intends to apply for both pre-project planning and construction funding for this project.

This amendment includes preparing two new stormwater applications for the Wayne Executive Jetport Parking Lot Drainage project as well as the pre-project planning application for the Wayne Executive Jetport Pump Station project. If additional applications are identified for the OWNER based on other needs or funding availability, these will be undertaken through another amendment.

This Agreement is binding upon the Parties respective successors and assigns.

18.7. **Waiver**. No waiver or delay by either Party in exercising any right under this Agreement constitutes a waiver of that right.

Non-Content Data includes data about users captured during account management and customer support activities. Non-Content Data does not include Agency Content.

   1.4. "**Personal Data**" means any information relating to an identified or identifiable natural person. An identifiable natural person is one who can be identified, directly or indirectly, in particular by reference to an identifier such as a name, an identification number, location data, an online identifier or to one or more factors specific to the physical, physiological, genetic, mental, economic, cultural or social identity of that natural person.

2. **Access**. Upon Axon granting Agency a subscription to Axon Cloud Services, Agency may access and use Axon Cloud Services to store and manage Agency Content. Agency may not exceed more end users than the Quote specifies. Axon Air requires an Axon Evidence subscription for each drone operator. For Axon Evidence Lite, Agency may access and use Axon Evidence only to store and manage TASER CEW and TASER CAM data ("**TASER Data**"). Agency may not upload non-TASER Data to Axon Evidence Lite.

3. **Agency Owns Agency Content**. Agency controls and owns all right, title, and interest in Agency Content. Except as outlined herein, Axon obtains no interest in Agency Content, and Agency Content is not Axon's business records. Agency is solely responsible for uploading, sharing, managing, and deleting Agency Content. Axon will only have access to Agency Content for the limited purposes set forth herein. Agency agrees to allow Axon access to Agency Content to (a) perform troubleshooting, maintenance, or diagnostic screenings; and (b) enforce this Agreement or policies governing use of the Axon products.

4. **Security**. Axon will implement commercially reasonable and appropriate measures to secure Agency Content against accidental or unlawful loss, access or disclosure. Axon will maintain a comprehensive information security program to protect Axon Cloud Services and Agency Content including logical, physical access, vulnerability, risk, and configuration management; incident monitoring and response; encryption of uploaded digital evidence; security education; and data protection. Axon agrees to the Federal Bureau of Investigation Criminal Justice Information Services Security Addendum.

Agency is responsible for (a) ensuring Agency owns Agency Content; (b) ensuring no Agency Content or Agency end user's use of Agency Content or Axon Cloud Services violates this Agreement or applicable laws; and (c) maintaining necessary computer equipment and Internet connections for use of Axon Cloud Services. If Agency becomes aware of any violation of this Agreement by an end user, Agency will immediately terminate that end user's access to Axon Cloud Services.

   5.1. Agency will also maintain the security of end usernames and passwords and security and access by end users to Agency Content. Agency is responsible for ensuring the configuration and utilization of Axon Cloud Services meet applicable Agency regulation and standards. Agency may not sell, transfer, or sublicense access to any other entity or person. Agency shall contact Axon immediately if an unauthorized party may be using Agency's account or Agency Content, or if account information is lost or stolen.

   5.2. To the extent Agency uses the Axon Cloud Services to interact with YouTube®, such use may be governed by the YouTube Terms of Service, available at https://www.youtube.com/static?template=terms.

7. **Axon Body 3 Wi-Fi Positioning**. Axon Body 3 cameras offer a feature to enhance location services where GPS/GNSS signals may not be available, for instance, within buildings or underground. Agency administrators can manage their choice to use this service within the administrative features of Axon Cloud Services. If Agency chooses to use this service, Axon must also enable the usage of the feature for Agency's Axon Cloud Services tenant. Agency will not see this option with Axon Cloud Services unless Axon has enabled Wi-Fi Positioning for Agency's Axon Cloud Services tenant. When Wi-Fi Positioning is enabled by both Axon and Agency, Non-Content and Personal Data will be sent to Skyhook Holdings, Inc. ("**Skyhook**") to facilitate the Wi-Fi Positioning functionality. Data controlled by Skyhook is outside the scope of the Axon Cloud Services Privacy Policy and is subject to the Skyhook Services Privacy Policy.

8. **Storage**. For Axon Unlimited Device Storage subscriptions, Agency may store unlimited data in Agency's Axon Evidence account only if data originates from Axon Capture or the applicable Axon Device. Axon may charge Agency additional fees for exceeding purchased storage amounts. Axon may place Agency Content that Agency has not viewed or accessed for 6 months into archival storage. Agency Content in archival storage will not have immediate availability and may take up to 24 hours to access.

9. **Location of Storage**. Axon may transfer Agency Content to third-party subcontractors for storage. Axon will determine the locations of data centers for storage of Agency Content. For United States agencies, Axon will ensure all Agency Content stored in Axon Cloud Services remains within the United States. Ownership of Agency Content remains with Agency. Axon shall be responsible for compliance with the terms and conditions of this Agreement irrespective of any use of third party subcontractors.

10. **Suspension**. Axon may temporarily suspend Agency's or any end user's right to access or use any portion or all of Axon Cloud Services immediately upon notice, if Agency or end user's use of or registration for Axon Cloud Services may (a) pose a security risk to Axon Cloud Services or any third-party; (b) adversely impact Axon Cloud Services , the systems, or content of any other customer; (c) subject Axon, Axon's affiliates, or any third-party to liability; or (d) be fraudulent. During Agency's Axon Records Subscription Term, if any, Agency will be entitled to receive Axon's Update and Upgrade releases on an if-and-when available basis.

    12.1. The Axon Records Subscription Term will end upon the competition of the Axon Records Subscription as documented in the Quote, or if purchased as part of an OSP 7 bundle, upon competition of the OSP 7 Term ("**Axon Records Subscription**")

    12.2. An "**Update**" is a generally available release of Axon Records that Axon makes available from time to time. An "**Upgrade**" includes (i) new versions of Axon Records that enhance features and functionality, as solely determined by Axon; and/or (ii) new versions of Axon Records that provide additional features or perform additional functions.     12.4. Users of Axon Records at the agency may upload files to entities (incidents, reports, cases, etc) in Axon Records with no limit to the number of files and amount of storage. Notwithstanding the foregoing, Axon may limit usage should the Agency exceed an average rate of 100 GB per user per year of uploaded files. Axon will not bill for overages.

14. **After Termination**. Axon will not delete Agency Content for 90 days following termination. There will be no functionality of Axon Cloud Services during these 90 days other than the ability to retrieve Agency Content. Agency will not incur additional fees if Agency downloads Agency Content from Axon Cloud Services during this time. Axon has no obligation to maintain or provide Agency Content after these 90-days and will thereafter, unless legally prohibited, delete all Agency Content. Upon request, Axon will provide written proof that Axon successfully deleted and fully removed all Agency Content from Axon Cloud Services.

15. **Post-Termination Assistance**. Axon will provide Agency with the same post-termination data retrieval assistance that Axon generally makes available to all customers. Requests for Axon to provide additional assistance in downloading or transferring Agency Content, including requests for Axon's data egress service, will result in additional fees and Axon will not warrant or guarantee data integrity or readability in the external system.

   8.1. TASER 7 extended warranties and access to Training Content will terminate. No refunds will be given.

   8.2. Axon will invoice Agency the remaining MSRP for TASER 7 products received before termination. If terminating for non-appropriations, Axon will not invoice Agency if Agency returns the CEW, rechargeable battery, holster, dock, core, training suits, and unused cartridges to Axon within 30 days of the date of termination.

   8.3. Agency will be responsible for payment of any missed payments due to the termination before being allowed to purchase any future TASER 7 plan.

Axon Fleet Appendix

If Axon Fleet is included on the Quote, this Appendix applies.

1. **Agency Responsibilities**. Agency must ensure its infrastructure and vehicles adhere to the minimum requirements to operate Axon Fleet 2 or Axon Fleet 3 (collectively, "Axon Fleet") as established by Axon during the qualifier call and on-site assessment at Agency and in any technical qualifying questions. If Agency's representations are inaccurate, the Quote is subject to change.

2. **Cradlepoint**. If Agency purchases Cradlepoint Enterprise Cloud Manager, Agency will comply with Cradlepoint's end user license agreement. The term of the Cradlepoint license may differ from the Axon Evidence Subscription. If Agency requires Cradlepoint support, Agency will contact Cradlepoint directly.

3. **Third-party Installer**. Axon will not be liable for the failure of Axon Fleet hardware to operate per specifications if such failure results from installation not performed by, or as directed by Axon.

4. Wireless Offload Server.

   4.1. **License Grant**. Axon grants Agency a non-exclusive, royalty-free, worldwide, perpetual license to use Wireless Offload Server ("**WOS**"). "Use" means storing, loading, installing, or executing WOS solely for data communication with Axon Devices for the number of licenses purchased. The WOS term begins upon the start of the Axon Evidence Subscription.

   4.2. **Restrictions**. Agency may not: (a) modify, alter, tamper with, repair, or create derivative works of WOS; (b) reverse engineer, disassemble, or decompile WOS, apply any process to derive the source code of WOS, or allow others to do so; (c) access or use WOS to avoid incurring fees or exceeding usage limits; (d) copy WOS in whole or part; (e) use trade secret information contained in WOS; (f) resell, rent, loan or sublicense WOS; (g) access WOS to build a competitive device or service or copy any features, functions or graphics of WOS; or (h) remove, alter or obscure any confidentiality or proprietary rights notices (including copyright and trademark notices) of Axon or Axon's licensors on or within WOS.

   4.3. **Updates**. If Agency purchases WOS maintenance, Axon will make updates and error corrections to WOS ("**WOS Updates**") available electronically via the Internet or media as determined by Axon. Agency is responsible for establishing and maintaining adequate Internet access to receive WOS Updates and maintaining computer equipment necessary for use of WOS. The Quote will detail the maintenance term.

   4.4. **WOS Support**. Upon request by Axon, Agency will provide Axon with access to Agency's store and forward servers solely for troubleshooting and maintenance.

5. Axon Vehicle Software.

   5.1. **License Grant**. Axon grants Agency a non-exclusive, royalty-free, worldwide, perpetual license to use ViewXL or Dashboard (collectively, "Axon Vehicle Software".) "Use" means storing, loading, installing, or executing Axon Vehicle Software solely for data communication with Axon Devices. The Axon Vehicle Software term begins upon the start of the Axon Evidence Subscription.

   5.2. **Restrictions**. Agency may not: (a) modify, alter, tamper with, repair, or create derivative works of Axon Vehicle Software; (b) reverse engineer, disassemble, or decompile Axon Vehicle Software, apply any process to derive the source code of Axon Vehicle Software, or allow others to do so; (c) access or use Axon Vehicle Software to avoid incurring fees or exceeding usage limits; (d) copy Axon Vehicle Software in whole or part; (e) use trade secret information contained in Axon Vehicle Software; (f) resell, rent, loan or sublicense Axon Vehicle Software; (g) access Axon Vehicle Software to build a competitive device or service or copy any features, functions or graphics of Axon Vehicle Software; or (h) remove, alter or obscure any confidentiality or proprietary rights notices (including copyright and trademark notices) of Axon or Axon's licensors on or within Axon Vehicle Software.

6. **Acceptance Checklist**. If Axon provides services to Agency pursuant to any statement of work in connection with Axon Fleet, within 7 days of the date on which Agency retrieves Agency's vehicle(s) from the Axon installer, said vehicle having been installed and configured with tested and fully and properly operational in-car hardware and software identified above, Agency will receive a Professional Services Acceptance Checklist to submit to Axon indicating acceptance or denial of said deliverables.

7. **Axon Fleet Upgrade**. If Agency has no outstanding payment obligations and has purchased the "Fleet Technology Assurance Plan" (Fleet TAP), Axon will provide Agency with the same or like model of Fleet hardware ("**Axon Fleet Upgrade**") as schedule on the Quote.

   7.1. If Agency would like to change models for the Axon Fleet Upgrade, Agency must pay the difference between the MSRP for the offered Axon Fleet Upgrade and the MSRP for the model desired. The MSRP is the MSRP in effect at the time of the upgrade. Agency is responsible for the removal of previously installed hardware and installation of the Axon Fleet Upgrade.

   7.2. Within 30 days of receiving the Axon Fleet Upgrade, Agency must return the original Axon Devices to Axon or destroy the Axon Devices and provide a certificate of destruction to Axon, including serial numbers of the destroyed Axon Devices. If Agency does not destroy or return the Axon Devices to Axon, Axon will deactivate the serial numbers for the Axon Devices received by Agency.

8. **Axon Fleet Termination.** Axon may terminate Agency's Fleet subscription for non-payment. Upon any termination:

   8.1. Axon Fleet subscription coverage terminates, and no refunds will be given.

   8.2. Axon will not and has no obligation to provide the Axon Fleet Upgrade.

   8.3. Agency will be responsible for payment of any missed payments due to the termination before being allowed to purchase any future Fleet TAP.

Axon Respond Appendix

This Axon Respond Appendix applies to both Axon Respond and Axon Respond Plus, if either is included on the Quote.

1. **Axon Respond Subscription Term**. If Agency purchases Axon Respond as part of a bundled offering, the Axon Respond subscription begins on the later of the (1) start date of that bundled offering, or (2) date Axon provisions Axon Respond to Agency. If Agency purchases Axon Respond as a standalone, the Axon Respond subscription begins the later of the (1) date Axon provisions Axon Respond to Agency, or (2) first day of the month following the Effective Date. The Axon Respond subscription term will end upon the completion of the Axon Evidence Subscription associated with Axon Respond.

2. **Scope of Axon Respond**. The scope of Axon Respond is to assist Agency with real-time situational awareness during critical incidents to improve officer safety, effectiveness, and awareness. In the event Agency uses Axon Respond outside this scope, Axon may initiate good-faith discussions with Agency on upgrading Agency's Axon Respond to better meet Agency's needs.

3. **Axon Body 3 LTE Requirements**. Axon Respond is only available and usable with an LTE enabled body-worn camera. Axon is not liable if Agency utilizes the LTE device outside of the coverage area or if the LTE carrier is unavailable. LTE coverage is only available in the United States, including any U.S. territories. Axon may utilize a carrier of Axon's choice to provide LTE service. Axon may change LTE carriers during the Term without Agency's consent.

4. **Axon Fleet 3 LTE Requirements.** Axon Respond is only available and usable with a Fleet 3 system configured with LTE modem and service. Agency is responsible for providing LTE service for the modem. Coverage and availability of LTE service is subject to Agency's LTE carrier.

5. **Axon Respond Service Limitations**. Agency acknowledges that LTE service is made available only within the operating range of the networks. Service may be temporarily refused, interrupted, or limited because of: (a) facilities limitations; (b) transmission limitations caused by atmospheric, terrain, other natural or artificial conditions adversely affecting transmission, weak batteries, system overcapacity, movement outside a service area or gaps in coverage in a service area and other causes reasonably outside of the carrier's control such as intentional or negligent acts of third parties that damage or impair the network or disrupt service; or (c) equipment modifications, upgrades, relocations, repairs, and other similar activities necessary for the proper or improved operation of service.

   5.1. With regard to Axon Body 3, Partner networks are made available as-is and the carrier makes no warranties or representations as to the availability or quality of roaming service provided by carrier partners, and the carrier will not be liable in any capacity for any errors, outages, or failures of carrier partner networks. Agency expressly understands and agrees that it has no contractual relationship whatsoever with the underlying wireless service provider or its affiliates or contractors and Agency is not a third-party beneficiary of any agreement between Axon and the underlying carrier.

6. **Termination**. Upon termination of this Agreement, or if Agency stops paying for Axon Respond or bundles that include Axon Respond, Axon will end Axon Respond services, including any Axon-provided LTE service.

a) If this Contract is a Federally Assisted Construction Contract exceeding $10,000, during the performance of this Contract, Contractor agrees as follows:

i. Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

ii. Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

iii. Contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the Contractor's legal duty to furnish information.

iv. Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the Contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

v. Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

vi. Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

vii. In the event of Contractor's noncompliance with the nondiscrimination clauses of this Contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the Contractor may be declared ineligible for further Government contracts or Federally Assisted Construction Contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

viii. Contractor will include the portion of the sentence immediately preceding paragraph (a)(i) of this Section II and the provisions of paragraphs (a)(i) through (a)(viii) in every Subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each Subcontractor or vendor. The Contractor will take such action with respect to any Subcontract or purchase order as the Administering Agency may direct as a means of enforcing such provisions, including sanctions for noncompliance.

Provided, however, that in the event a Contractor becomes involved in, or is threatened with, litigation with a Subcontractor or vendor as a result of such direction by the administering agency, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

County further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: Provided, that if the County so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

ix. County agrees that it will assist and cooperate actively with the Administering Agency and the Secretary of Labor in obtaining the compliance of Contractors and Subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

x. The County further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a Contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon Contractors and Subcontractors by the Administering Agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the County agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

b) If this Contract is not a Federally Assisted Construction Contract exceeding $10,000, the provisions of Section I(a) of this Contract shall not apply.

III. *Copeland "Anti-Kickback" Act*

b) *Violation; Liability for Unpaid Wages; Liquidated Damages.* In the event of any violation of the clause set forth in Section [IV(a)] (*Overtime Requirements*) above, Contractor and any Subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such Contractor and Subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual Laborer or Mechanic, including watchmen and guards, employed in violation of the clause set forth in Section [IV(a)] (*Overtime Requirements*) above, in the sum of $27 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in Section [IV(a)] (*Overtime Requirements*) above.

c) *Withholding for Unpaid Wages and Liquidated Damages.* The County shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by Contractor or Subcontractor under any such contract or any other federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such Contractor or Subcontractor for unpaid wages and liquidated damages as provided in Section [IV(b)] (*Violation; Liability for Unpaid Wages; Liquidated Damages*) of this section.

d) *Subcontracts.* Contractor or Subcontractor shall insert in any Subcontract the clauses set forth in Sections IV(a) through IV(d) and also a clause requiring the Subcontractors to include these clauses in any lower tier Subcontracts. Contractor shall be responsible for compliance by any first tier Subcontractor or lower tier Subcontractor with the clauses set forth in Sections IV(a) through IV(d).

e) *Payroll and Records.* Contractor or Subcontractor shall maintain payrolls and basic payroll records during the course of the work and shall preserve them for a period of three years from the completion of the Contract for all Laborers and Mechanics, including guards and watchmen, working on the Contract. Such records shall contain the name and address of each such employee, social security number, correct classifications, hourly rates of wages paid, daily and weekly number of hours worked, deductions made, and actual wages paid. Records to be maintained under this provision shall be made available by Contractor or Subcontractor for inspection, copying, or transcription by authorized representatives of the Department of the Treasury and the U.S. Department of Labor, and Contractor or Subcontractor will permit such representatives to interview employees during working hours on the job.

f) *Exceptions.* None of the requirements of Section [IV] of this Addendum shall apply if this Contract is (1) a Contract for (i) transportation by land, air, or water; (ii) the transmission of intelligence, (iii) the purchase of supplies or materials or articles ordinarily available in the open market, or (iv) in an amount that is equal to or less than $100,000.

V. *Rights to Inventions Made Under a Contract or Agreement*

a) *If this Contract is for the assignment or performance of experimental, developmental, or research work under a funding agreement, the following terms shall apply.*

b) The Government reserves a royalty-free, non-exclusive and irrevocable license to reproduce, publish, or otherwise use, and to authorize others to use for "Government Purposes", any subject data or copyright described below. "Government Purposes," means use only for the direct purposes of the Government. Without the copyright owner's consent, the Government may not extend its Federal license to any other party.

i. Any subject data developed under the Contract, whether or not a copyright has been obtained; and

ii. Any rights of copyright purchased by Contractor using Federal assistance funded in whole or in part by the Department of the Treasury.

c) Unless the Department of the Treasury determines otherwise, a Contractor performing experimental, developmental, or research work required as part of this Contract agrees to permit the Department of the Treasury to make available to the public, either the Department of the Treasury's license in the copyright to any subject data developed in the course of the Contract, or a copy of the subject data first produced under the Contract for which a copyright has not been obtained. If the experimental, developmental, or research work, which is the subject of this Contract, is not completed for any reason whatsoever, all data developed under the Contract shall become subject data as defined herein and shall be delivered as the Federal Government may direct.

d) Unless prohibited by North Carolina law, upon request by the Government, Contractor agrees to indemnify, save, and hold harmless the Government, its officers, agents, and employees acting within the scope of their official duties against any liability, including costs and expenses, resulting from any willful or intentional violation by Contractor of proprietary rights, copyrights, or right of privacy, arising out of the publication, translation, reproduction, delivery, use, or disposition of any data furnished under that contract. Contractor shall be required to indemnify the Government for any such liability arising out of the wrongful act of any employee, official, or agents of the Contractor.

e) Nothing contained in this clause shall imply a license to the Federal Government under any patent or be construed as affecting the scope of any license or other right otherwise granted to the Federal Government under any patent.

f) Data developed by the Contractor and financed entirely without using Federal assistance provided by the Federal Government that has been incorporated into work required by the underlying Contract is exempt from the requirements herein, provided that the Contractor identifies those data in writing at the time of delivery of the Contract work. The Contractor agrees to include these requirements in each Subcontract for experimental, developmental, or research work financed in whole or in part with Federal assistance.

g) For the purposes of this Section V, "subject data" means "recorded information, whether or not copyrighted, and that is delivered or specified to be delivered as required by the Contact." Examples of 'subject data' include, but are not limited to computer software, standards, specifications, engineering drawings and associated lists, process sheets, manuals, technical reports, catalog item identifications, and related information, but do not include financial reports, cost analyses or other similar information used for performance or administration of the Contract."

VI. *Clean Air Act and Federal Water Pollution Control Act*

a) *Clean Air Act.* Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 *et seq.* Contractor agrees to report each violation to County and understands and agrees that County will, in turn, report each violation as required to the U.S. Department of the Treasury, and the appropriate Environmental Protection Agency Regional Office. Contractor agrees to include these requirements in each Subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by the U.S. Department of the Treasury.

b) *Federal Water Pollution Control Act.* Contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. § 1251 *et seq.* Contractor agrees to report each violation to County and understands and agrees that County will, in turn, report each violation as required to assure notification to the U.S. Department of the Treasury, and the appropriate Environmental Protection Agency Regional Office. VII. *Debarment and Suspension*

a) Due to its receipt of Fiscal Recovery Funds, County is a participant in a nonprocurement transaction (defined at 2 C.F.R. § 180.970) that is a covered transaction pursuant to 2 C.F.R. § 180.210 and 31 C.F.R. § 19.210. Therefore, this Contract is a lower-tier covered transaction for purposes of 2 C.F.R. Part 180 and 31 C.F.R. Part 19 if (1) the amount of this Contract is greater than or equal to $25,000 (2 C.F.R. § 180.220(b)(1); 31 C.F.R. § 19.220(b)(1)), (2) the Contract requires the consent of an official of the Department of the Treasury (2 C.F.R. § 180.220(b)(2); 31 C.F.R. § 19.220(b)(2)), or (3) this Contract is for federally-required audit services (2 C.F.R. § 180.220(b)(3); 31 C.F.R. § 19.220(b)(3)).

b) If this Contract is a covered transaction as set forth in Section [VII(a)] above, Contractor hereby certifies as of the date hereof that each of Contractor, Contractor's principals (defined at 2 C.F.R. § 180.995), and the affiliates (defined at 2 C.F.R. § 180.905) of Contractor and Contractor's principals are not excluded (defined at 2 C.F.R. § 180.935) and are not disqualified (defined at 2 C.F.R. § 180.935). If any of the foregoing persons are excluded or disqualified and the Secretary of the Treasury has not granted an exception pursuant to 31 C.F.R. § 19.120(a), (1) this Contract shall be void, (2) County shall not make any payments of Federal financial assistance to Contractor, and (3) County shall have no obligations to Contractor under this Contract.

c) Contractor must comply with 2 C.F.R. Part 180, Subpart C, and 31 C.F.R. Part 19, and must include a requirement to comply with these regulations in any lower-tier covered transaction it enters into. This certification is a material representation of fact relied upon by County.

d) If it is later determined that Contractor did not comply with 2 C.F.R. Part 180, Subpart C and 31 C.F.R. Part 19, in addition to remedies available to County, the Government may pursue available remedies, including but not limited to suspension and/or debarment.

VIII. *Byrd Anti-Lobbying Amendment*

a) Contractor certifies to County, and Contractor shall cause each Tier below it to certify to the Tier directly above such Tier, that it has not used and will not use Federally appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a Member of

Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. § 1352.
